Company presentation:

E.ON Inhouse Consulting GmbH (ECON)

Shape the energy world of tomorrow

At E.ON Inhouse Consulting (ECON), the internal management consultancy of the E.ON Group, we solve the most complex tasks in the new energy world – making a lasting contribution to shape E.ON. E.ON's top management entrust us with managing the topics most crucial to the Group - from initial strategy development to final implementation. Our teams are currently involved in helping to develop new innovative products, in driving digitalization and in improving customer experience in our international projects.

Experience our exceptional team spirit

Our international team consists of 100 consultants with extremely diverse academic backgrounds and a broad range of experience. We have colleagues from over 15 different countries with academic specializations across engineering, natural sciences, economics and business administration. Regardless of our backgrounds, we share a deep passion for mastering challenges in the energy industry. This is just the perfect combination to guarantee excellent, sustainable results and plenty of fun during our projects.

Your career opportunities

Apply as a **Visiting Consultant** to find a unique experience awaiting you! Gain numerous insights into the energy industry whilst expanding your consulting know-how during your internship. Have you already got your Master's degree in your pocket? Then start straight away as a **Project Consultant**. Right from day one, your assignments will take you directly to the customer - with your own area of responsibility. Our strong feedback and coaching culture and system of regular project rotation will put you on a steep learning curve.

In order to support your career in any possible way, we offer outstanding training opportunities and a personal mentoring. Whilst working for us, your personal and professional development will simply leap ahead.
